“We’re paying out refunds faster and faster because our fiscal policies are working. The Guamanian people know that this has been a top priority for Ray and me, to pay the people their money, their refunds. The court didn’t manage our finances well to make this happen; the administration did. We need to continue with our fiscal policies without judicial interference.” – *Governor Eddie Baza Calvo*

CHECK THE MAIL: Error-free Refunds Filed in January Mailed

The government mailed out all tax refunds filed in January that were error-free. The Department of Administration dropped the checks to the Guam Main Facility post office yesterday afternoon.

Breakdown of the Latest Payment of Refunds

About \$8 million in tax refunds were mailed:

- \$7.5 million for 2,083 checks for Tax Year 2012 refunds
- \$500,000 for 180 checks for prior tax years that were filed recently

Refunds Remaining

As of today, there are 13,693 error-free tax refunds remaining to be paid. These were filed since February 1. This represents about \$40 million in refunds. There are other claims for refunds filed in January, February, and March that have errors and will not become Status-A refunds until taxpayers fix these errors. The administration will continue holding the line on spending so the Treasury can gather the cash to pay tax refunds timely.
