Good afternoon, Ms. Huff,

Please excuse my very late reply to your email. We have been so inundated with work trying to get the bond passed for the tax refunds that I've let my email fall to the wayside. I am only now opening email.

Have the aircons been repaired? Please advise. I copied Chief Education Advisor Vince Leon Guerrero on this in case the situation hasn't been fixed. We stand by to provide whatever support is needed for you and your students.
