Hafa Adai Dr. Kaneshiro,

I am the director of the Bureau of Women's Affairs and am coordinating the effort to bring a doctor (or doctors on a rotational basis) to Guam willing to help our women (and unfortunately some girls) who have a choice to make. Can you please give me a call at your earliest convenience? My numbers are below... probably cell is best.

I hope to hear from you soon.

Hi Jayne!

Nice to meet you virtually!

I do believe you have been in contact with staff at our Patient Access Center.

Our Area Service Director, Deighton Kavarne, was planning to reach out to you by phone. I'm not sure if you have already spoken but to close the loop I'm cc'ing him on this email.

And, FYI, we have been discussing the need in Guam for several months now and are eager to speak with you to see how we might be able to meet the need.

Dr. Ellen Bez

Hafa Adai Deborah (and Deighton)!

Thank you for reaching out to us here on Guam. Yes, we are in need of abortion services for our women (and unfortunately some pre-teens). We are also in great need of the other services Planned Parenthood provides (free birth control, STD/HIV testing, HPV vaccines, cancer screening, family planning, etc). We are currently trying to quietly survey clinics on Guam that would allow visiting physicians to perform surgical abortions. Another option, if PP wanted to open a clinic here, is that we do have a medical clinic that recently closed. Would there be a possibility that PP would be interested in leasing this space to set up its own clinic?

I would describe the atmosphere on our island, with its 165,000 population that is majority Catholic, as initially hostile toward this issue. However, over half of the voting public cast ballots in favor of our first female governor, Maga'haga Lourdes Leon Guerrero, in November 2018 despite her openly pro-choice stance. So there is hope.

Please let us know if you have suggestions, or options for us. We are grateful for your help and any advice you can give us.

## Possible UOG collaboration with UH research project

Hafa Adai Drs. Shandhini and Bliss from UH, and Dr. John from UOG,

Dr. Shandhini and Dr. Bliss, allow me to introduce, through email, Dr. John Rivera, Program Chair of the Public Administration program at the University of Guam. His Master of Public Administration students often assist with research issues. I think his UOG program would be a great partner for your research project on abortion attitudes on Guam. I spoke briefly with Dr. Rivera about your intent to find a local partner for the project; his email address is cc:d above. <https://www.uog.edu/directory/rivera-john.php>

Good luck with the project!

Hi Dr. Rivera,

Thank you for your email. We have just submitted our proposal for this project. We are very excited about it and will definitely be in touch with you once we know more about the next steps.

Thank you Jayne for this introduction!

Thanks,  
Shandhini
