RE: Sunshine Law Demand

Hafa Adai Senator Klitzkie:

The Office of the Governor is in receipt of your April 25 and May 4, 2021 emails to Lt. Governor Joshua Tenorio contending that the response provided on April 16 to your April 12 request for documents under the Sunshine Reform Act of 1999 constituted a "document dump." The April 16 response contained records within the control of the Office of the Governor that we determined were responsive to your request.

You demand "public records from a federal agency that is wanting [the government] to understand why GovGuam has to buy back land that was transferred." The Office of the Governor has reviewed its records and submits that it has no additional documents responsive to this particular request within its control. However, we believe the records you seek are held by the Department of Public Works. By copy here, we are forwarding your request.
