# How concerned are you about the spread of COVID-19 with in-person schooling?

# Would you be willing to get vaccinated to attend in-person school?

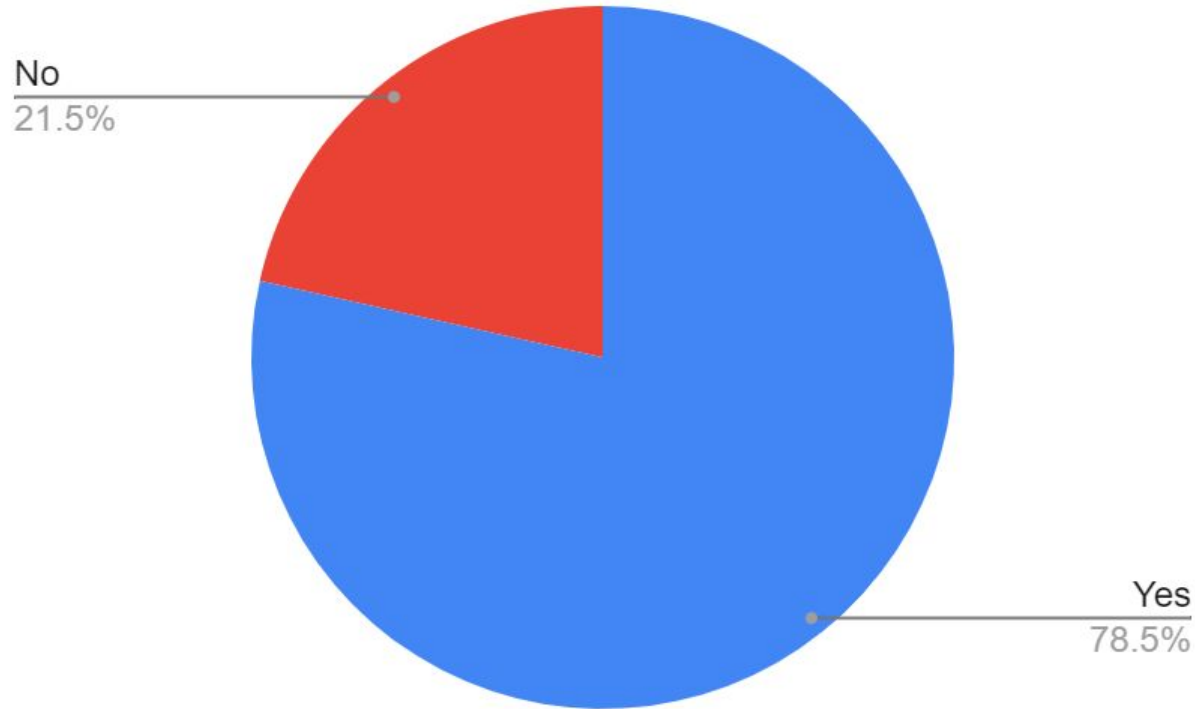

# If not, would you be willing to get tested weekly?

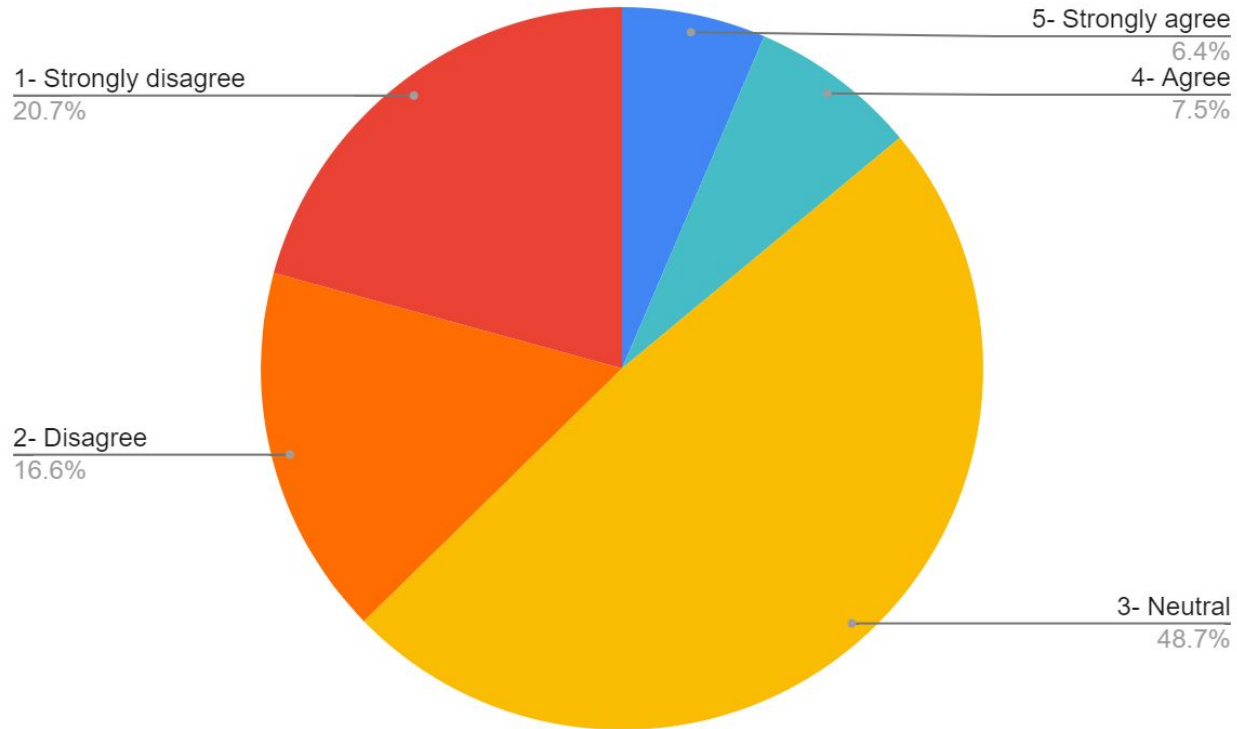

# Do you think that upperclassmen should be given priority for the in-person learning?

# How much do you agree with Governor Leon Guerrero's executive order?

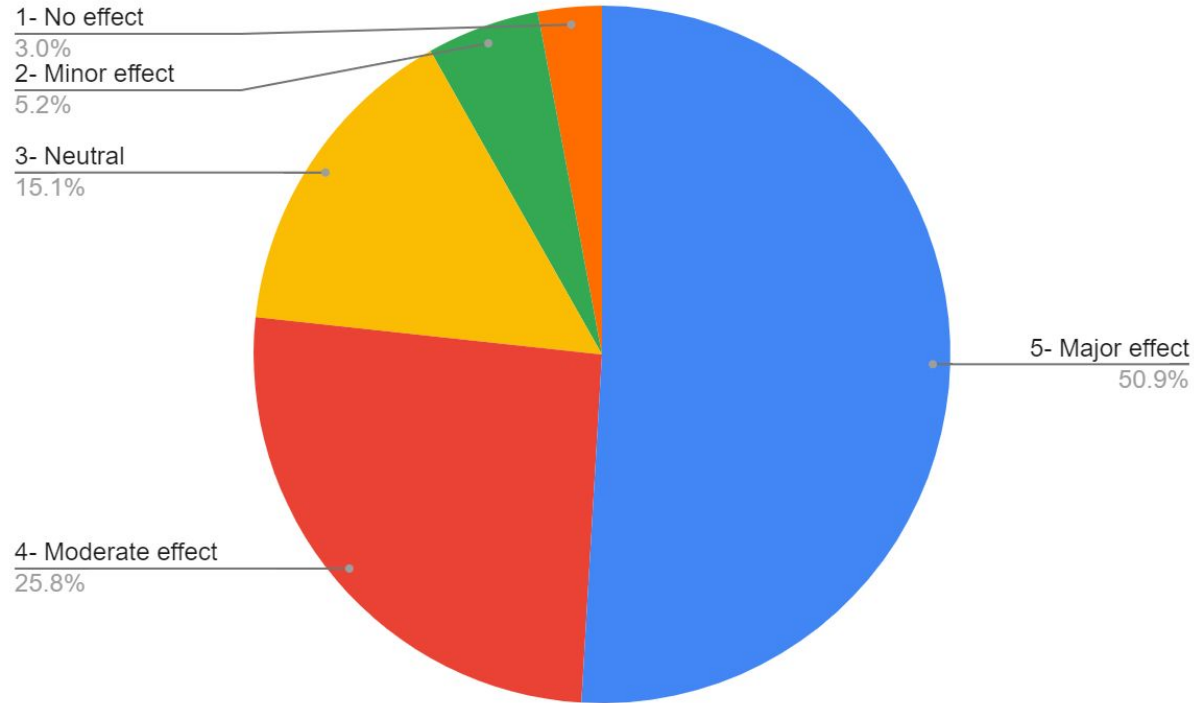

# If you disagree, what parts specifically?

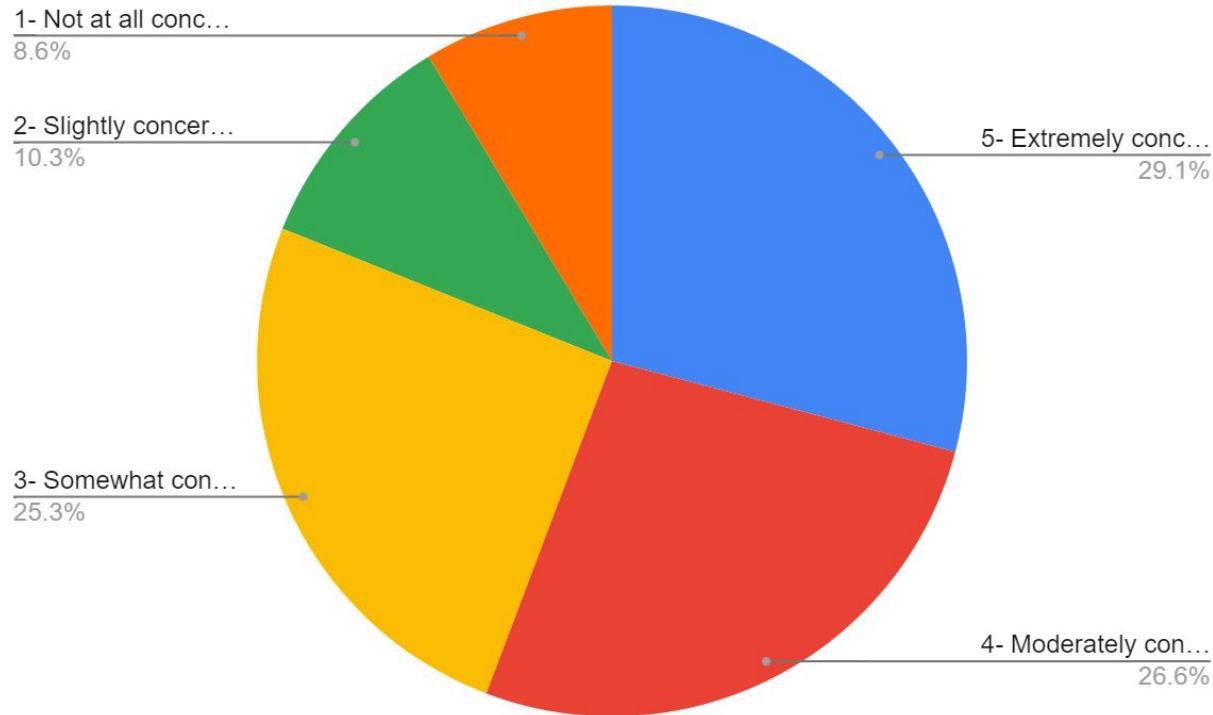

## **Vaccine mandate, closure of schools, and the opening of bars:**

- Shutting down the schools while bars, restaurants, and shopping centers are fully open in capacity makes me feel like school is less of value.
- It is morally unjust to limit the amount of things the unvaccinated individuals can partake in.
- Still not viable due to internet connections.
- The rise in cases is concerning and I believe that the governor needs to impose more restrictions such as an islandwide-lockdown.

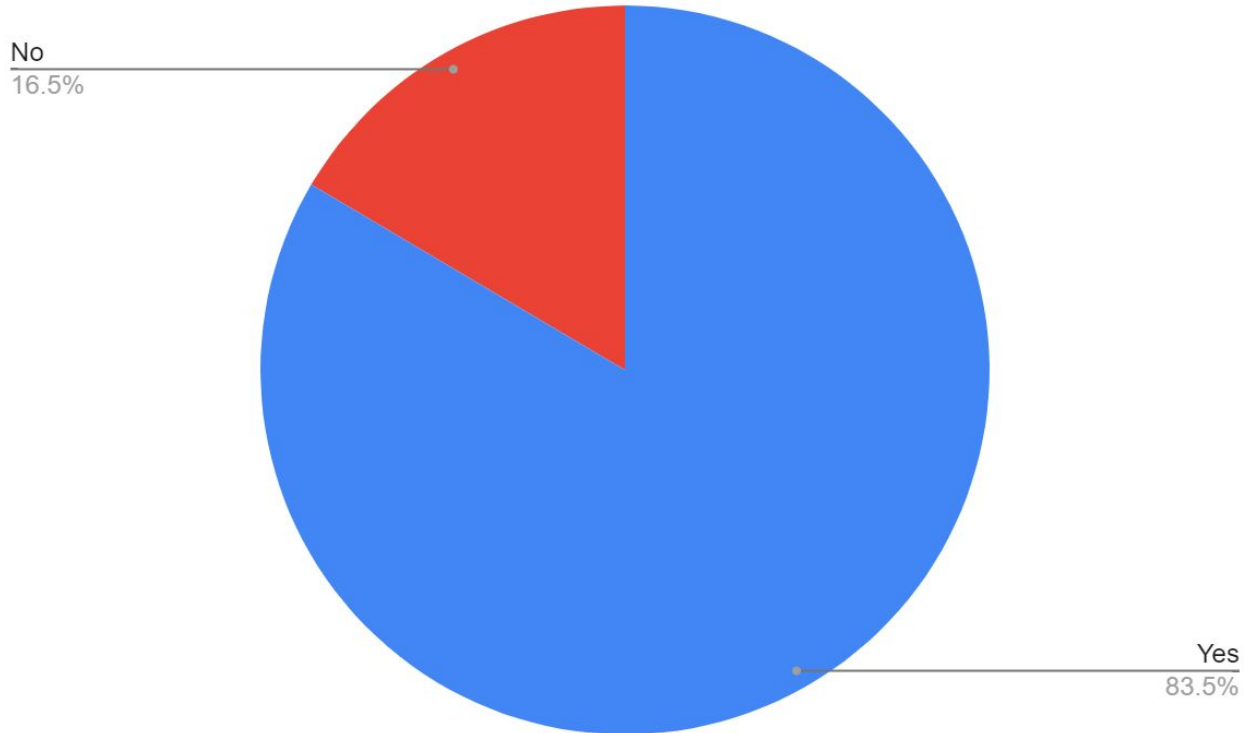

# How much do you think your academics will be affected because of the switch to online learning?

# How concerned are you about extracurriculars, sports, and more with the switch to online learning?

# Do you think or feel your mental and social health will be affected by the switch to online learning?

# Student Suggestions

- Sports should be able to commence even with the switch to online instruction especially for those who are applying for scholarships. Sports can still help the students mentally.
- Elementary kids should stick to hard copy. Middle schoolers should have an option between hard copy and online. High schoolers should alternate days if they choose face to face.
  - Day A- Junior and seniors
  - Day B- Freshman sophomores
- Return to in-person schooling should be done with different strategies
  - Alternating lunch periods
