Good Morning Jayne:

I thought I would try again to reach out to you and thought it would be a good idea if I shared with you information about a meeting we had last night. There were about 40 people there representing different sectors of our community from the Archdiocese, representatives of 17 Christian churches, nurses, Bethany from Harvest House and Mo as well as the founder of Safe Haven.

The focus of our meeting was to come up with ideas to help women and children in a post Roe community. Our focus has never been just about laws or issues of abortion, our focus always included "What Next" if Roe was overturned? We have already started discussions on private sector non-profit initiatives including the formation of like an umbrella non-profit with the primary mission of providing various services for the benefit of women and their children. Please take a moment to click on the following link that will give you an idea of what we are planning <https://life.sd.gov/>

So our goal for instance is to substantially increase the foster care community, foster adoptions, recruit physician specialists that will provide care to women in our community suffering from chronic level diseases as well as the likes of breast and cervical cancer, recruit psychologist and we are looking at a tract of land owned by Bayview Baptist church to build a safe home for children. We also talked about how we needed to also address how the private sector could help provide support to CPS.

Thank you. Hope you and the family are doing well.
